Syracuse China

Cleota Reed : Syracuse China before purchasing it in order to gage whether or not it would be worth my time, and all praised Syracuse China:

0 of 0 people found the following review helpful. Happy Restaurant China CollectorBy glasskatI've waited for several years for this book. So happy to finally have it!1 of 1 people found the following review helpful. Wonderful book!By MarciaThis is a wonderful book that is heavy on the history of Syracuse China. Although it does have some info on the different patterns, I was hoping for less history and more pattern information and samples. The book arrived quickly and was safely packaged. Thank you for an excellent transaction.0 of 0 people found the following review helpful. Excellent quality.By Elaine K.ThompsonFast Shipping.Excellent quality.

A volume that examines the growth of one of America's major manufacturer's of ceramic tableware. Syracuse China was the pioneer manufacturer of a distinctively American type of vitrified fine china, and an acknowledged leader in

labour relations and marketing within its industry.
