[E-BOOK] Tank Warfare (Battle Tactics)

## **Tank Warfare (Battle Tactics)**

**Tim Ripley : Tank Warfare (Battle Tactics)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tank Warfare (Battle Tactics):

0 of 0 people found the following review helpful. A lot of facts in a small book.By W. W. TurnbowA lot of facts in a small book. Good analysis. Good pictures. Covers basics pretty well. Some editorial errors. Should be a real treasure for those lacking a military background.0 of 0 people found the following review helpful. Excelent Analysis !By NITULESCU BogdanWonderful book. Very detailed armor tactics, photos and the evolution of tanks since WW1 till the Golf War. I needed this book for my master degree to get info on the tank evolution. Great help ! great book..very easy to read and lots of personal accounts. I really recommend this book0 of 0 people found the following review helpful. Interesting book for tank enthusiast and even tank simulator playersBy Pato SentadoInteresting book for tank enthusiast and even tank simulator players, mostly WWI and WWII, recent tactics not so deeply studied. Even sobviet tactics are seen, not usual.

Tank Warfare looks at the way that tanks changed warfare from their first introduction on the static Western Front of World War I, through the proving ground of World War II, where the tank became the queen of the battlefield, to its more dangerous position on the modern battlefield. Today, the tank is still a major asset but against it there has evolved a range of defensive antitank options - light infantry-borne antitank weapons, mines, attack helicopters, and tank-busting aircraft - that do much to dull its edge of invincibility. Each chapter in Tank Warfare examines carefully the evolution of tanks in the period, illustrating the seminal types, and looks at the changes to the threats against armor, assessing the improvement of the tank's physical and tactical defenses against such threats. It is intelligently written, cogent, and extremely well illustrated and it provides a much-needed discussion of a vital component of land warfare.

About the Author Tim Ripley is a correspondent for Janes Defence Weekly and has covered widely during the recent Middle East wars. He is the author of more than 20 books, including Air War Iraq, Middle East Air Forces and 16 Air Assault Brigade published by Pen Sword.
