Autism has elevated his forever growing thirst for coloring and drawing. Also, it is a good book to have for moments that command a peaceful setting. .1 of 1 people found the following review helpful. I thought I was getting a real coloring book for ...By goldwigg4I thought I was getting a real coloring book for free for my granddaughter with my order!!! When I realized it was a Kindle book, I thought it was absolutely ridiculous that I would be offered a kindle coloring book, as I'm not sure how anyone could color on a kindle????

If your child needs a gentle push to get him/her to work on this coloring book, the use of teddy bears and toys might

help. Coloring these cute bears and toys will help your child practice his/her grip for improved handwriting and fine motor skills. Coloring is also instrumental in language development as it gives your child the chance to learn new words and sentences.
