Teenage Mutant Ninja Turtles Collectables

Matt MacNabb, Robert Barbieri : Teenage Mutant Ninja Turtles Collectables before purchasing it in order to gage whether or not it would be worth my time, and all praised Teenage Mutant Ninja Turtles Collectables:

The Teenage Mutant Ninja Turtles has been a powerhouse franchise ever since the debut of the indie comic book back in 1984. The TMNT have captivated kids and those young at heart for more than 30 years now with several movies, multiple cartoon series, ongoing comics, and one of the most extensive and playable toylines in history. The golden era of TMNT for many fans was from 1988 to 1995, and its that vintage era that this book aims to focus on. When

you're dealing with such an expansive franchise its essential to nail down a focus and the original cartoon and movies are still regarded by many fans as the definitive TMNT. In this book author, collector, and pop culture historian Matt MacNabb examines everything from the Playmates toyline to the more obscure product offerings from fast food toys, food product, school supplies, and trading cards to video games, VHS, and books.
